**Dear District 32 Families,**

I hope this message finds you and your loved ones well. With great enthusiasm and a deep sense of responsibility, I introduce myself as your new Acting Superintendent of Community School District 32.

Having served in various educational roles over the years—from teacher, assistant principal, and principal of PS 123 in our very own Bushwick community for five years to deputy superintendent—I am honored to take on this new role, where I can continue to serve our Bushwick students, families, and the larger community. I am deeply committed to ensuring that each child in our district receives the high-quality education they deserve and is supported in their journey to success.

As I step into this role, I am reminded of Thomas Sergiovanni's leadership philosophy, which emphasizes leading with the hand, heart, and mind. I intend to lead with compassion, understanding, and a focus on ensuring that all our decisions are in the best interest of our students.

In the coming weeks, I am eager to hear your thoughts and aspirations for our district. I look forward to working together to create an educational environment where all our students can thrive. Let's build on our district's strengths and make our community an even better place for our children to grow and learn.

I am deeply grateful for the trust and support you have shown as we embark on this journey together. Your involvement is crucial as we work to provide the best education for our students.

Warm regards,

Arelis Parache
